Dear Madam,

Re: Council Tax 2023-24

Having recently received the Council Tax details for the above period, I wish to register my concerns.

As you will be aware, the Council's proposals for a high rate of increase in the current climate is bordering on 'putting stones into the wound' as it were.

I note that other Authorities are deciding lower than Chesham's.

It is a foregone conclusion that the Council's proposals for the 2023-24 financial year are far in excess of what is needed to maintain the Council's services. I would therefore urge the Council to consider alternative proposals for the 2023-24 financial year.
